

AFL Sporting Schools Program

The AFL is the accredited Sporting Schools provider for Aussie Rules football.

Through the AFL Sporting Schools program, we aim to introduce students to Australian Football through fun, engaging and challenging games and activities that are suited and adapted for a range of age groups and skill levels.

Our Sporting Schools program options include **Coach-delivered** (delivered by AFL staff), or **Teacher-Led** (delivered by Teachers) programs.

COACH-DELIVERED PROGRAMS

This AFL incursion is delivered by our trained AFL staff who have undertaken safeguarding children training and have relevant S/T Working with Children Checks. The programming has a focus on practising the core skills of the game as well as having lots of fun along the way.

TEACHER-LED PROGRAMS

The AFL teacher-led program provides teachers with our Teach led program resources that include best practice, evidenced-based pedagogy and a range of assessment tools to run the program, as well as optional access from the AFL to help support teachers to successfully deliver their own programs in their schools.
